VOLUNTEER INCOME TAX ASSISTANCE

VITA volunteers provide tax preparation service to low income, elderly, and disabled taxpayers at various locations throughout the state during income tax season. Some VITA sites have the capability of filing electronically. You may contact the IRS by calling 1-800-829-1040 to find the VITA site nearest you.

ELECTRONIC FILING

Filing your Utah return electronically provides assurance that:

- your return will be forwarded to the Utah State Tax Commission within 24 hours;
- 2. your return will be acknowledged by the Utah State Tax Commission upon receipt; and,
- 3. your refund will be speedily processed.

WHO CAN FILE AN ELECTRONIC RETURN?

- 1. Taxpayer must be a full-year Utah resident.
- 2. Taxpayer must file both the federal and state returns electronically and at the same time.
- Taxpayer must be filing an original return for calendar year January 1, 1998 to December 31, 1998. Amended or corrected returns, or returns with a net operating loss, are not allowed.
- 4. Tax return <u>cannot</u> be for a deceased taxpayer or spouse.
- 5. Taxpayer may claim credit for taxes paid to one additional state.

You can obtain assistance preparing your taxes and filing electronically through any professional tax preparer who participates in the Utah Federal/State Electronic Filing Program. If you prepare your own Utah return, a participating tax preparer or electronic filer can accept your completed returns and file them electronically for you.

TELEFILE FILING

If you received a 1998 Utah TELEFILE form by mail, you may be qualified to file your income tax by telephone, regardless of whether you filed your federal income tax return by TELEFILE. If you <u>did not</u> receive a Utah Telefile form by mail, you are not qualified to file by Telefile. If you have any questions, please contact the Tax Commission using the numbers on this page.

WHEN TO FILE

You must file your return and pay any income tax due:

- 1. by April 15, 1999, if you file on a 1998 calendar year basis (tax year ends December 31st); or,
- 2. by the 15th day of the fourth month following the close of the fiscal year, if you file on a fiscal-year basis.

If your return is **not** filed on time, you may be subject to penalties and interest. (See Penalty and Interest instructions on page 3.)

EXTENSION OF TIME TO FILE

This is an extension of time to file your tax return - NOT an extension of time to pay your taxes. You are automatically allowed an extension of up to six months to file your return - without filing an extension form. However, if the prepayment requirements (see next paragraph) are not met on or before the original due date (generally April 15th) penalties will be assessed. (See Penalty and Interest instructions on page 3.)

PREPAYMENT REQUIREMENTS

The required prepayment must equal 90 percent of the tax due for 1998; or, 100 percent of the amount of your 1997 Utah tax liability as indicated on *line 21 of your 1997 Utah return if you filed as a full-year resident (or line 22 if you filed as a non or part-year resident)*. A prepayment may be in the form of withholding (W-2, TC-675R, TC-675M, etc.), tax credit, and/or payment made on or before the tax due date using form TC-546, Prepayment of Income Tax. Interest will be assessed on unpaid tax from the filing due date until the tax is paid in full. Penalties may also be assessed.

DOMICILE DEFINED

The term "domicile" means the place where an individual has a true, fixed permanent home and principal establishment, and to which place, whenever a person is absent, the person has the intention of returning. It is the place in which a person has voluntarily fixed the habitation of himself and his family, not for a mere special or temporary purpose, but with the present intention of making a permanent home (28 C.J.S. Domicile §1). After a domicile has been established, two conditions are necessary to create a new domicile: first, an abandonment of the old domicile, and second, the intention and establishment of a new domicile. The mere intention to abandon a domicile, once established, is not sufficient to create a new domicile. Before a person can be said to have changed his domicile, even though he manifests an intention to abandon the old domicile, a new domicile must be shown.

UTAH RESIDENT DEFINED

A Utah resident is an individual who:

- 1. is domiciled for the entire year in Utah, even though temporarily outside of Utah (temporarily may be an extended period of time - even years in certain situations);
- 2. is domiciled in Utah for any period of time during the taxable year, but only for the duration of that period; or,
- even though domiciled outside Utah, maintains a permanent place of abode within the state and spends a total of 183 days or more of the taxable year within Utah. This does not apply to military personnel or their spouses who are in Utah on military assignments, unless they are Utah residents.

PART-YEAR RESIDENT DEFINED

A part-year resident is an individual who is domiciled in Utah for part of the year and is domiciled outside Utah for part of the year. All income received during the period of Utah residency by a part-year resident is taxable in Utah, regardless of the source of that income. Income from Utah sources is taxable in Utah during the period of nonresidency.

NONRESIDENT DEFINED

A nonresident individual is one who was not in Utah or who was in Utah for temporary or transitory purposes for less than 183 days during the taxable year. Income received by a nonresident from Utah sources is taxable.

TAX RETURNS OF DECEASED TAXPAYERS

If an individual dies during the year, but would have been required to file an income tax return, a final return must be filed on his or her behalf. The personal representative, executor,

administrator, legal representative, or survivor must sign and file the final return and any other returns still due. The person filing the return should write "DECEASED" after the name of the deceased taxpayer in the name and address section of the return and in the signature block. Persons, other than surviving spouse, claiming a refund on behalf of the deceased, must attach form TC-131, "Statement of Person Claiming Refund Due a Deceased Taxpayer," to the front of this return.

MILITARY PERSONNEL, NATIVE AMERICANS, AND STUDENTS

Special rules apply to military personnel, Native Americans, and students. They are as follows:

A. Military Personnel

- Residents: Utah residents who enter military service do not lose their Utah residency or domicile solely by being absent due to military orders. They still must file a resident income tax return in Utah on all income, regardless of the source. If income tax is required to be paid to another state on nonmilitary income, a credit is allowed for the tax paid to the other state. If taxes are owed to another state, refer to line 30 of your state income tax return and complete state form TC-40A, PART 1 included in this booklet.
- 2. Nonresidents: Nonresidents who are stationed in Utah solely due to military orders, are not subject to tax on their military pay in Utah. However, if nonresident personnel or members of their family residing in Utah have earned income from Utah sources, other than active military service pay, they are required to file a Utah state income tax return and pay any taxes due.

NOTE: The spouse of a person in active military service is generally considered to have the military person's domicile and is subject to the same income tax laws and rules that apply to the military person.

B. Native Americans

The penalty for <u>failure to file a tax due return</u> by the due date is the greater of \$20 or 10 percent of the unpaid tax. The penalty for <u>failure to pay tax due</u> as reported on a timely filed return, or within 30 days of a notice of deficiency, is the greater of \$20 or 10 percent of the tax due.

The penalty for <u>underpayment of an extension prepayment</u> is 2 percent per month of the unpaid tax during the extension period.

For a list of additional penalties that may be imposed, please refer to Utah Code § 59-1-401.

Check the boxes provided on line 14 if you or your spouse are age 65 or older.

A. Age 65 or older - Retirement Income Exemption:

Each taxpayer (you and your spouse, if applicable) who was age 65 or older at the end of the tax year, is entitled to a retirement income exemption of \$7,500. B. Under age 65 - Retirement Income Deduction:

Each taxpayer (you and your spouse, if applicable) who was under age 65 at the end of the tax year and received retirement income, may qualify for a deduction up to \$4,800, but not in excess of the qualifying income. Qualifying income comes in the form of pensions, annuities or **taxable social security** benefits. The deduction is only available to the taxpayer who earned the qualifying income. Pensions and annuities of one spouse that qualify as retirement income **MAY NOT** be divided between both spouses. The deduction is limited by the amount of your adjusted gross income plus certain interest income. Section 'C' below explains the limitation.

- Qualifying income for those UNDER age 65: The following items are considered to be "retirement income" for determining this deduction: Pensions, annuities and taxable social security benefits:
 - a. Paid from an annuity contract purchased under a plan which has been contributed to by your employer and is not revocable by you as provided under Section 404(a) of the Internal Revenue Code;
 - Purchased by an employee under a plan which meets the requirements of Section 408 of the Internal Revenue Code (commonly known as "IRA" plans);

15. INTEREST FROM U.S. GOVERNMENT OBLIGATIONS

For details regarding the tax exempt treatment of U.S. securities and obligations, you may order the Tax Commission Publication 33, "Interest from U.S. Obligations."

You may deduct the amount of interest or dividend income from qualified U.S. obligations included in your federal adjusted gross income as outlined in section A below. *Before claiming this exemption, you must first subtract expenses, as outlined in section B below.*

A. Qualified U.S. Government Obligations

Income, including trust income distributed to a beneficiary, from the following sources, is exempt from Utah income tax under federal law: interest income on bonds (such as H, HH, E, or EE bonds) or other obligations of the U. S. government or its possessions; and interest or dividends on bonds or securities of any United States authority, commission, or instrumentality exempt from state income taxes under federal law (see Test For Qualifying U.S. Obligations below).

If the income is paid out of a trust, include with your return a schedule showing the calculation of income. Include the name, residency, and federal identification number of the trust making the distribution.

Income NOT exempt from Utah state income tax includes:
(1) interest or dividends from Federal National Mortgage
Association (FNMA) and Government National Mortgage
Association (GNMA); and (2) interest on refunds from the
Internal Revenue Service or any federal agency or department.

B. <u>Subtract Expenses For Qualified U.S. Government Obligations.</u>

Before entering the U.S. Qualified Government Obligations income as a deduction on your state return, you must first subtract certain expenses if those expenses were claimed as deductions on your federal return to calculate your federal taxable income. Those expenses are: interest expense on money borrowed to purchase or carry bonds or securities; and ordinary and necessary expenses paid or incurred in connection with producing exempt income.

TEST FOR QUALIFYING U.S. OBLIGATION EXEMPT FROM STATE TAX

Smith vs. Davis 323 U.S. 111 (1944): The U.S. Supreme Court in Smith vs. Davis has set forth the Smith test as a basis for determining whether instruments qualify as U.S. government obligations. To qualify as a U.S. government obligation exempt from state taxation, the instruments must (1) be written documents, (2) bear interest, (3) contain a binding promise by the United States to pay specific sums at specified dates, and (4) have congressional authorization that also pledges the full faith and credit of the United States in support of the promise to pay. The constitutional doctrine of intergovernmental immunity exempts federal obligations from state and local tax authority when obligations are issued to secure credit to carry on the necessary functions of government.

16. MSA AND UESP DEDUCTION

- A. Medical Savings Account (MSA). If you claimed MSA amounts on federal form 1040, you CANNOT claim MSA amounts on lines 8 or 16 of your state return. Taxpayers may NOT take this deduction: (1) for premiums paid for health insurance if the premiums were, or could have been, deducted under Section 125, 162, or 213 of the IRS Code; (2) for premiums fully or partially reimbursed or funded, by the federal government, state, or any agency or instrumentality of the federal government or state; or (3) if the taxpayer or taxpayer's spouse is eligible to participate in a health plan fully or partially maintained and funded by the employer.

23. UTAH USE TAX

Utah residents who purchase items or services outside Utah for use or consumption in Utah, and do not pay use tax on those items, or pay use tax at a lower rate than the required use tax rate for the area where they reside, must pay use tax on the purchase price at the rate applicable to the area they reside.

For example, if you live in a city with a use tax rate of 6%, and you purchased an item outside Utah from a mail order catalog for a price of \$100, the use tax due on that item is \$6. If the vendor, outside Utah, did not collect the \$6 use tax to be distributed to Utah, you are liable to pay that amount on this income tax return. **Or**, if use tax was collected at 5% or \$5, which is less than the rate in this example, you are liable for an additional \$1.

If you owe use tax, you will need to contact the Tax Commission or your local government to determine what the use tax rate is for your location. You then should complete the worksheet below to determine whether you are liable for use tax. (No credit is given for taxes paid in foreign countries.)

SPECIAL INSTRUCTIONS

spouse must be a full-year Utah resident and the other spouse must be a nonresident or part-year resident.

EXAMPLE: Sally moved to Utah in 1997. Her husband, Brian, did not move to Utah until June of 1998. This couple qualifies to use Special Instructions for calendar tax year 1998 because Sally is a full-year resident and Brian is a part-year resident during 1998.

EXAMPLE: Doug moved to Utah in May of 1998. His wife, Marleen, does not plan to move to Utah. She decided to remain in Washington. They filed a joint federal return for calendar tax year 1998. They do not qualify for Special Instructions until tax year 1999 because Doug is only a part-year resident in 1998 and Marleen is a nonresident of Utah. The same filing status claimed on their 1998 federal return must be used on their state return. They would qualify for Special Instructions for tax year 1999 if Doug is a fullyear resident and Marleen remains a nonresident during calendar year 1999.

NOTE FOR MILITARY PERSONNEL

The spouse of a person in active military service is generally considered to have the military person's domicile and is subject to the same income tax laws and rules that apply to the military person. Nonresidents who are stationed in Utah solely due to military orders, are not subject to tax on their military pay in Utah. However, if nonresident personnel or members of their family residing in Utah have earned income from Utah sources, other than active military service pay, they are required to file a Utah tax return and pay any taxes due.

EXAMPLE: Fred and Alice moved to Utah in 1997 due to military orders. Fred is in the military with Nevada as his home of record. They do not qualify to use Special Instructions while living in Utah because Alice retains the Nevada domicile of her military spouse unless Fred changes his "Home of Record" to Utah. If they file a joint federal return for 1998, they would file a joint return with Utah.

If the non-military spouse was a Utah resident before marrying the military spouse or the non-military spouse came to Utah to live without the military spouse, the non-military spouse who is a fullyear resident of Utah qualifies to file a separate Utah return using Special Instructions.

STEP ONE: To file using Special Instructions, one STEP TWO: If you qualify to use these Special Instructions as stated in STEP ONE, you can file a federal return as married filing joint and file Utah returns as married filing separate.

> If you do not qualify to use these Special Instructions, the filing status claimed on your Utah return must match the filing status shown on your federal return.

> Both of you must compute your Utah taxable income as if your federal income had been computed separately, as follows:

- First, the amount of the total federal adjusted gross income (FAGI) pertaining to each spouse shall be determined. Any adjustments that apply jointly to both spouses, shall be divided in proportion to the respective incomes of the spouses. Documentation of your computations should be included with your return.
- Next, each spouse is allocated a portion of each deduction or add back item. This allocation of the items is determined by a percentage derived from taking each spouse's own federal adjusted gross income (FAGI) and dividing it by the combined FAGI of both spouses. This ratio should be rounded to four decimals (e.g. 0.1725). Each spouse will then multiply their percentage by each of the following items to obtain their portion of deductions and add-backs allowed.
 - State income tax deducted as an itemized deduction on federal Schedule A
 - Other items that must be added back on the state return
 - Itemized or standard deduction
 - Exemptions for dependents
 - ½ of the federal tax liability
 - State refund included on line 10 of the federal return
 - Other deductions

The only item on the Utah return that does not have to be allocated between the spouses' separate state returns is his or her own personal exemption. For example, if the husband has 80 percent of the FAGI, his portion would be 80 percent of each item listed above and he would claim his own personal exemption. The wife's portion would be 20 percent of each item and her own personal exemption.

The spouse filing as a Utah resident: calculate your Utah tax as instructed on line 21 of the Utah income tax return.

The nonresident or part-year resident spouse, the Utah income tax is a percentage of the amount that would be his or her Utah income tax as if a full-year resident. This percentage is the same as that which the Utah portion of the separate FAGI bears to the total separate FAGI (not to exceed 100 percent). The Utah portion of the separate FAGI is the portion that was derived from Utah sources or was received while a Utah resident.

The nonresident or part-year resident spouse: you must complete the Utah return as a nonresident or part-year resident and complete lines 21 and 22 of the Utah income tax return, using the worksheet on state form TC-40A, Part 3, as instructed. Line 22 will show your Utah tax liability. You must also attach a copy of your federal return.

SEE EXAMPLES ON PAGE 15.

SPECIAL INSTRUCTIONS CONTINUED

EXAMPLE: Becky was a full-year resident of Utah before marrying Terry in 1998. Terry is in the military and he is stationed in Utah. Terry's home of record is Wyoming. They qualify to use Special Instructions because Becky was a Utah resident before marrying Terry. Their combined federal adjusted gross income reported on their 1998 joint federal return is \$75,000.

Becky's separate adjusted gross income is \$30,000. Dividing \$30,000 by \$75,000 equals .40 or 40%. This is the percentage used to allocate the different items on Becky's separate Utah resident return as follows:

Becky (Utah Resident)	Joint	Joint		Separate

	Form 1040	Form TC-40	Allocation	Form TC-40

Other deductions	0	0	0.40	0
Utah Taxable Income				\$22,317
Utah tax as calculated on line 21 of Utah return (Use tax rate for married filing separately)				\$1,458

Terry earned \$45,000 during 1998, but \$3,000 of that earned income was from a Utah source not related to military service pay. Terry is required to file a Utah tax return and pay taxes due. Dividing \$45,000 by \$75,000 equals .60 or 60%. This is the percentage used to allocate the different items on Terry's separate Utah return as follows:

Terry (Nonresident)	Joint Federal Return Form 1040	Joint State Return Form TC-40	Percentage Allocation	Separate State Return Form TC-40
Federal adjusted gross income	\$75,000	\$75,000		\$45,000
